**For Immediate Release**

**LEGAL TECHNOLOGY COMPANY COLE VALLEY SOFTWARE IMPLEMENTS
WORLDOX COMPLETECLOUD HOSTED DESKTOP ENVIRONMENT**

**GLEN ROCK, NJ– NOVEMBER 18, 2011 -** World Software Corporation®
(www.worldox.com) announced today that legal technology company Cole Valley
Software is successfully up and running on its Worldox CompleteCloud software-as-a-
service (SaaS) hosted desktop.  The secure CompleteCloud environment provides web-
based access to Microsoft Office Professional applications including Exchange/Outlook,
as well as the Worldox Document Management System and QuickBooks.  Worldox
Systems Integrator Baker+Cadence Solutions expertly handled the implementation in
conjunction with Worldox technical support.

Prior to installing Worldox CompleteCloud, Cole Valley had been using a hosted solution
from a different provider, which had too many limitations for their needs.  The company
was already using Worldox for document management and really loved the application,
so they inquired with Baker+Cadence about Worldox CompleteCloud.

Worldox CompleteCloud offered Cole Valley access to all the desktop applications the
company needed, in an easy-to-manage unified system.  In addition, they were able to
avoid hiring an additional IT person to support their internal infrastructure, which
resulted in significant savings for their company.

According to Peter Shaw, CEO of Cole Valley Software, "The Worldox CompleteCloud
system is efficient and cost-effective for us.  Because it's a hosted environment, we
don't have to maintain the infrastructure and all backups, updates and upgrades are
handled seamlessly.  We know exactly what our IT infrastructure cost will be for next
year, so there will be no surprises."

Peter went on to compliment Bill Baker and Baker+Cadence for their management of
the implementation. "The Baker Cadence people were phenomenal to work with –
thorough, experienced and simply awesome.  They met every single milestone and not a
thing was missed.  In fact, they were ahead of schedule on everything and resolved
issues quickly.  Baker Cadence and Worldox tech support both were completely

delightful to work with.  Lots of companies talk about great customer service, but these people really know how to deliver it."

**About Worldox CompleteCloud**
Worldox CompleteCloud is a hosted environment complete with server and desktop software including Worldox, Microsoft® Office Professional and Microsoft Exchange – a full Windows desktop for one low monthly price.  For more information on Worldox CompleteCloud, visit: www.worldox.com/completecloud.
