

For Immediate Release

**World Software Corporation Announces Availability of Hosted (SaaS)
Worldox/Web Mobile at ABA TECHSHOW in Chicago**

ABA TECHSHOW, CHICAGO – April 12, 2011 – Today at ABA TECHSHOW, [World Software Corporation](http://www.worldox.com)[®] (www.worldox.com), the company behind the award-winning [Worldox[®] Document Management System](#) (DMS) software, announced availability of its hosted Worldox/Web Mobile product.

This Software-as-a-Service (SaaS) solution allows a firm's employees to connect to their Worldox document repository while away from the office without purchasing or maintaining the software or hardware of a traditional Worldox/Web Mobile system. World Software will be demonstrating this offering at its TECHSHOW booth#514.

Worldox/Web Mobile is an add-on product that allows attorneys to access their Worldox documents while away from the office via web browser, smartphone or through the native Worldox iPad App. Previously available only for on-site installations with a dedicated server, the Hosted (SaaS) product eliminates the need for additional server and software costs.

A principal of Worldox Reseller Affinity Consulting stated, "As our customers continue to move to a more mobile environment, we look for solutions to meet their needs. iPads are incredibly helpful for lawyers on the go. The native Worldox iPad App was a major advancement in this regard. Now, this SaaS offering for the already-popular Worldox/Web Mobile will be a huge help for lawyers needing easy access to documents on the road."

World Software President Ray Zwiefelhofer remarks, "The recent release of our Worldox iPad App has generated considerable interest by firms of all sizes. However, in the past, the firm would need to purchase and manage Worldox/Web Mobile software and a web server, which only made financial sense for mid-size to large firms. Now for a very low monthly fee, the firms just pay and use the SaaS version, whether they have 1 user or 100 users. We are very excited about this new SaaS offering as we already have more than two dozen firms on our pre-order list."
