

## **For Immediate Release**

### **ILTA 2012 Technology Survey Shows Worldox as Fastest Growing DMS, Only DMS in Outstanding Vendor Category, and Dominant for Ethical Walls**

**Glen Rock, NJ– November 29, 2012** – [World Software Corporation® \(www.worldox.com\)](http://www.worldox.com) announces today that the Worldox document management system (DMS) performed extremely well in several categories of the ILTA 2012 Technology Survey. Survey results show that privately-owned World Software is growing faster than any other DMS and offers outstanding quality and support matching that of much larger public companies. Also, Worldox's ethical walls feature, included with the cost of Worldox, achieved the highest rating among firms under 349 attorneys, besting many specialized ethical walls products.

#### **Worldox Growth Double That of Autonomy, Open Text Loses Ground**

Showing definite growth, Worldox gained 2 percentage points from 2009-2012 which is twice the 1 percentage point gained by its competitor, Autonomy. Worldox's other major competitor, Open Text, lost five percentage points in the DMS category from 2009-2012.

#### **Worldox Ethical Walls Score High**

In the ethical walls category, Worldox ranked as the most popular vendor choice with almost one-third of respondents (29%) at firms <349 attorneys choosing Worldox for ethical walls. Worldox ethical walls are built into the DMS and are included in its standard license price, so Worldox sites can use this feature without additional cost.

#### **Worldox Achieves Vendor Excellence Ranking for Quality, Support, Pricing**

Worldox was voted outstanding in product support, quality and pricing and was the only DMS to make the list. Worldox is in good company with huge public companies like Dell, Cisco, HP and Microsoft which all made the list.

World Software President Ray Zwiefelhofer commented, "We are pleased that Worldox was highlighted in ILTA's 2012 Technology Survey. Our growth, versatility and dedication to excellence have clearly been recognized by the ILTA membership. Worldox is enterprise ready and here to stay."

The [ILTA '12 Technology Survey](#) is an independent publication that provides relevant data from almost 500 large and midsized ILTA law firms, comprising over 90,000 lawyers and over 200,000 total users. The survey chronicles common trends and market share information for several commercial software vendors to aid law firms and practices in their technology governance.
