

## *The power and convenience of Worldox available in the cloud!*

Worldox has long been a top DMS choice for legal and financial advisory firms, academic law departments and industrial firms too. It has a powerful feature set and a remarkably easy-to use interface.

Now Worldox Cloud, using a patent-pending communications platform to seamlessly connect cloud servers hosting the Worldox application and all Worldox-managed documents to local applications, offers those same tools via cloud deployment.

Worldox Cloud provides quick and seamless document access for firms that choose to manage information in a remote, centralized data center model. Worldox Cloud delivers the proven advantages of Worldox with minimal up-front investment. New servers, software, maintenance or upgrades are not required. You get the same powerful DMS tools and same award-winning service.

Worldox Cloud generates even more expediency and flexibility through the utilization of Software-as-a-Service (SaaS) technology and cloud computing.

Worldox Cloud  
- something  
completely NEW  
in document  
management!

**Automated, frequent back-ups** in our cloud servers.

**No on-site servers** or other hardware needed.

**Completely secure.** Meets rigorous standards for data communication and integrity.

**No up-front software purchase** is required. Instead, pay a low monthly fee.

**Flexible, remote access.** At the office, at home, at client sites—mobility anywhere, anytime.

**No hidden costs.** Email management, local backup copy, client matter update automation and more, are included in the base price.

**World-class technical support.** Best-in-the business, award-winning customer phone and online support are included.

**Zero Download Technology** for amazingly fast launching of large PDF files (optional)

### *Worldox Cloud powered by Rackspace® OpenStack*

Rackspace maintains various certifications to assist you in verifying our security policies and processes. Rackspace has been assessed and holds validation for the following compliance frameworks:

- ISO 27001
- SSAE 16 and ISAE 3402 (Previously SAS 70 Type II)
- PCI DSS
- Safe Harbor (export.gov)

Please note that Rackspace certifications do not make you compliant with your specific regulatory and compliance requirements.

However, we do offer products and services that can assist you in addressing your requirements. For more information, please call us, or speak with your Worldox Reseller.
